Art Unit: 1645

Claims 4-10 and 22-33 are under consideration by the examiner.

Applicant's arguments filed 8/23/99 have been fully considered but they are not persuasive.

Claims 4-7, 22, 24-25, and 30 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. This is a written description rejection.

This rejection is maintained for reasons of record. Applicant's arguments are not persuasive and not consonant with the case law set forth in the prior Office actions.

Claims 4-10 and 22-33 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

This rejection is maintained for reasons of record. Applicant's arguments with respect to production of antibodies to further characterize the protein are circular and not persuasive. The Ebendal declaration remains unpersuasive as it uses materials and methods not known at the time of the invention and establishes activities not contemplated for GDF-1 nor any other TGF superfamily member at the time of the invention as set forth in the prior Office action.

Art Unit: 1645

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marianne P. Allen, whose telephone number is (703) 308-0666. The examiner can normally be reached on Monday-Friday from 9:00 am to 3:00 pm.
